A parent receives quality childcare for her children – and peace of mind. A family rejoices in the adoption of a young child and the promise of her future with them. A fragile newborn, who is without a family, is nurtured and loved by a foster mom. A family, broken by the experience of divorce, is rebuilding their bonds. A confused teenager learns how to cope with family and peer pressures. An adult gets the help she needs to care for her aging parent.

Helping individuals –
of all ages, from all
walks of life – grow strong
and healthy, through a
range of community-based
programs and services.

Children's Aid and Family Services. Making a difference. Since 1899.

We create opportunities for people to succeed.

As one of New Jersey's largest and oldest providers of human services, we have the resources, know-how, and flexibility to create and implement innovative strategies that help children, families, and communities effectively overcome life's challenges.

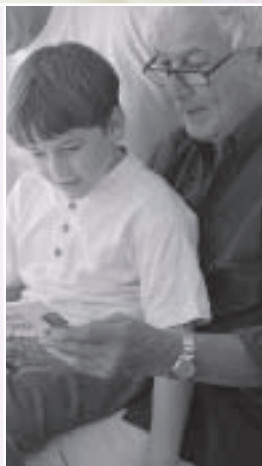

We give vulnerable children another chance.

Every child deserves to be protected, loved, and nurtured. That's why we offer a range of comprehensive services for vulnerable children – including adoption, foster care, and group homes – that help children build strong foundations for success as adults.

We don't do it alone.

A community organization can only be successful with the support of its members. Our vision – that all people need help from time to time – is driven by a legion of volunteers, donors, board members, and a staff of more than 300 individuals, each of whom is steadfast in their commitment to building brighter futures for children, families, and communities.

We stand by families through all of life's stages.

Unlike many other human service organizations, our services do not target one age or population. Instead, we offer a variety of programs that help people navigate life's ups and downs. From year-round child care and counseling to individuals and families to offering parenting workshops and support for elder care, we lend a hand.

We have a way for you to help.

As a local not-for-profit agency, your time as a volunteer and/or gift to our agency will directly benefit a child or family in our community. To make a difference, right here and right now, call Children's Aid and Family Services at (201) 634-3664 or visit us at www.cafsnj.org.
